

# CALVARY CHAPEL CHRISTIAN SCHOOL

## ClassBook.com Information

February, 2009

Dear CCCS GAP Families,

This letter contains curriculum ordering information for any on-campus classes your students may take at Calvary Chapel Christian School. Please read and follow instructions carefully. Your student will be expected to show up at class with all textbooks and materials on the first day of class.

ClassBook.com is an online ordering service which provides an efficient, affordable way to purchase your child's textbooks. You can order online by visiting "classbook.com" and entering "90242" for our school's zip code. You will be directed to the CCCS Bookstore. If you prefer to order by phone, simply call ClassBook.com's customer service department at (877) 477-6217. Be certain to order your textbooks with sufficient time to cover delivery.

In addition to the increased availability of your teachers', librarians' and administrators' time, parents and students also benefit from the added convenience offered by utilizing ClassBook.com. Students are able to have books shipped directly to their doorstep within days of ordering while parents can benefit from the added savings of utilizing the onsite textbook buy-back program at the conclusion of each school year. This allows parents to re-coup costs on reasonably maintained textbooks by selling them back to ClassBook.com. Parents will not only benefit from this cost saving option, but will also enjoy the alternative of purchasing used textbooks to further decrease costs.

ClassBook.com is excited to serve the parents and students of Calvary Chapel Christian School. They are committed to maintaining a high level of attention and service that you will become accustomed to throughout your student's years at CCCS.

Sincerely,

Calvary Chapel Christian School Board
